

## Wise Airlines

Wise Airlines, based in San Angelo, Texas, began operating in 1983 and by early 1984 had started service to Ruidoso, New Mexico with a daily flight from Austin, San Angelo, and Midland/Odessa, Texas. The carrier used a De Havilland DHC-6-300 Twin Otter aircraft but only operated at Ruidoso for a few months.

This De Havilland DHC-6-300 Twin Otter, N305EH wearing the colors of Evergreen Airlines, was later used with Wise Airlines.
