

F-105 Thunderchiefs

This book details the history of all surviving F-105s in museums and on static display around the world. It is the result of 15 years of effort researching the operational history of that aircraft. Output reports from the author's unique, comprehensive database created the initial drafts of his published works.

W. Howard Plunkett is a retired Air Force Lieutenant Colonel. His 20-year career as an aircraft maintenance officer began with F-105 Thunderchiefs in 1964. He was a distinguished graduate from Squadron Officers School and earned an MS in Logistics Management from AFIT. He commanded the Avionics Maintenance Squadron at Kunsan AB, Korea, and the Field Maintenance Squadron at Wright-Patterson AFB, Ohio, was an F-4 Avionics Staff Officer at Hq TAC, served as a depot inspector on the AFLC IG team, and was a Logistics Division Chief at Hq AFOTEC.

He has worked in the aerospace industry as a reliability engineer on the B-2 stealth bomber, and for other companies as a software Quality Assurance manager, a logistics manager, a technical writer, and in business development.
