

## AeroLynx

### Aero Charter and Transport

Aero Charter and Transport, dba as AeroLynx, was established in 1999 and is based at the Albuquerque International Sunport. The carrier provides on demand passenger charter and freighter service using Pilatus PC-12, Cessna 208 Caravan, and Cessna 402 light aircraft. In late 2020, AeroLynx provided supplemental feeder service to Deming, New Mexico for UPS on behalf of South Aero. In 2023, AeroLynx was operating a daily scheduled service on a Phoenix (Falcon Field) – Reno – Salt Lake City – Saint George – Phoenix routing.

AeroLynx Pilatus PC-12 parked at the company hanger at the Albuquerque Sunport.
